GOOD FOR OUR COMPANIES

The Southern Stock Mutual And Underwriters.

STOCKHOLDERS AND DIRECTORS

Meet This Afternoon—1898 The Best Year in The History of These Two Insurance Companies.

All public spirited citizens of Greensboro are proud of the excellent showing made by our two local insurance companies. In fact it is a matter of state pride. The annual meetings of the stockholders and directors of the Southern Stock Mutual and the Underwriters were held this afternoon in the parlors of the Benbow, the former at three o'clock, the latter at four.

The reports made show that the year 1898 was the best year in the history of the these companies. The premium receipts for the two companies have been over $50,000. Each company pays a dividend to policy-holders of 20 per cent. The Southern Stock-Mutual increases its surplus fund to over $12,500 and its emergency fund to over $25,000. The Underwriters pays to its stockholders a dividend of 6 per cent. The combined assets of the two companies to policy-holders is $233,-731.45.

The two companies, including the dividend to policy-holders just declared, have paid back to the people who insure with them, in the last four years, over $20,000. The losses by fire for last year, 1898, were only 20 per cent of the premium receipts, the average for other companies being 55 per cent.

A resolution expressing regrets at the enforced absence of the venerable president of the Southern Stock Mutual, Dr. J. M. Worth, was passed.

The present officers and directors were re-elected.

HOW THEY WERE SECURED.

It's an Ill Wind That Blows Nobody Any Good.

A few days ago a firm in Monroe, N. C., made an assignment. A well known shoe manufacturer of Brockton, Mass., had a few days before the assignment shipped this firm a lot of men's fine shoes, (the lot containing 105 pairs.) The manufacturer hearing of the failure telegraped the Railroad company to transfer the shipment to their southern salesman, who is a resident of Greensboro, also writing him to dispose of the goods. The shoes arrived yesterday and we bought them at a great reduction. The regular retail prices of these shoes are $3, $3.50, $4, $4.50 and $5.00. We are going to offer them at the low price of $2.60 for choice. The lot consists of both black and colored goods made of the following leather: Calf, Cordovan, Patent leather, Box Calf, Vici Kid and Willow Calf. We have been selling the same make of shoes for more than five years and know them to be all right. This is an opportunity you have to save from 40c to $2.40 on a pair of nice shoes. Call and see them at once at J. M. Hendrix & Co's.

A Rare Treat.

Prof. J. Y. Joyner, of the State Normal and Industrial College, lectured in the Sunday School room of the Baptist Tabernacle last night on "The Other Side of Life." After a brief synopsis of the lecture, this morning's News and Observer adds:

The lecture throughout abounded in beautiful thoughts most beautifully expressed. Not in many a day have the people of Raleigh had the opportunity of hearing so chaste and beautiful a dissertation on "The Other Side of Life." The privilege of hearing it was a rare treat, and we hope that it will be published so that many others will enjoy so rich a gem.

One Case in Mayor's Court.

John Jennings (very colored) was tried before his honor, Mayor Taylor, yesterday afternoon, for drunkenness. Officer Scott found John dead drunk on the streets Tuesday night and hauled him to the lockup in a dray. Mayor Taylor counted up costs, drayage, etc., and John's bill amounted to $3.75, which he is working out on the roads.

Much Pleased With It.

I purchased the book Mr. Slaughter sells "Our Country in Peace and War" and I am much pleased with it. It gives all the important events connected with the history of our country down to the close of the war with Spain, and is very valuable as a book of reference. Livingstone Johnson,

OPERA HOUSE.

All Next Week—Rentfrow's Big Stock Company.

In speaking of his attraction, the Jolly Pathfinders, busin ss manager, Ed H. Barnstead says: "Nearly every agent nowadays claims for his show superlative excellence, and employs the most intense language to support his statement. Up-to-date features are urged with a persistance that becomes tiresome. One is constantly reminded of the stickyness of a newly varnished job; and perhaps it will be a relief to the amusement-loving public to receive assurance that the Pathfinders are not the greatest people in the world.

There have been other shows just as good; indeed, some exist now. We simply make the claim that the Pathfinders present, at popular prices, comedies fully the equal of any produced by any company regardless of price. And we are willing to let our first night's performance be the arbiter of our fortunes for the week. We've been nineteen years in the business—always as good as the best. And we own our plays—pirate nothing. They are all new here. We have clever comedians, sprightly soubrettes and twenty capable people, who know how to make the most of legitimate farce-comedy programs, and that's all there is to it. So far as specialties are concerned, we can give a continuous show if desired—all new stuff.

The Pathfinders will be at the opera house all next week.

Ladies free Monday night if accompanied by one paid reserved seat ticket. Prices 15, 25 and 35c. See grand street parade Monday at noon.

THE SAMOA TROUBLE.

British and American Warships Sent to the Scene.

By Wire to THE TELEGRAM.

Washington, Jan. 19—Nothing has been received today by the administration concerning the report from Samoa that the president's council Apia Raffel, and German Consul Rose have seized the supreme court and that a revolution is in progress. State department officers evidently believe the story is exaggerated. They hope so, at least. It has been known for a long time that a serious condition existed and the course of events there have been watched with eagerness and anxiety.

WARSHIPS TO GO TO SAMOA.

Wellington, New Zealand., Jan. 19—It is reported that owing to the trouble at Samoa growing out of the election of the successor to the late King Malietoa, three British warships will proceed there and one American warship will start for the Islands from Honolulu.

It is believed that every one on board escaped. The Anachita was a passenger and freight boat running between Memphis and Vicksburg and was valued at thirty thousand dollars. The fire originated in the boiler room. She had a cargo of merchandise and was ready to start this morning.

HAS ONE SERIOUS DEFECT.

Senator Caffrey Talks of The Louisiana Election Law.

N. C. POSTOFFICE APPOINTMENTS

Senator Butler Still Tinkering With the Matter of Pensions for Old Confederate Veterans.

Special to the Telegram.

Washington, Jan. 19—Senator Caffrey, of Louisiana, has, and is taking great interest in the work of the legislature of North Carolina in framing an election law which will place the state affairs in the control of the friends of good government. The Louisiana senator was visited some time ago by a delegation from the legislature of the state, who came to Washington for the purpose of consulting him with reference to the constitutionality of some of the provisions of the election law of his state, which it is proposed to be adopted by the democratic members of the North Carolina legislature in framing the election law for their state. Senator Caffrey candidly admits that there is one serious defect with the Louisiana plan, which, in the opinion of many eminent lawyers, himself included, renders the whole plan likely to be thrown out by the supreme court upon thn ground of its unconstitutionality.

The feature is that providing that a voter, whose father and grandfather was a qualified voter in the year 1867, shall not come under the restrictions regarding property or educational qualifications. The senator says that, in his opinion the clause will not stand the test of the constitution of the United States, as it is a species of class legislation. Senator Caffrey in speaking of the subject yesterday said that he had talked with the North Carolina delegation very frankly, pointing out the defects in the Louisiana plan, and warned the North Carolina legislature in framing their election law to guard against similar errors. He stated that if it is true, as stated, that the legislature has determined to accept the provision alluded to, he is very sorry it has been done. The Louisiana plan in nearly all particulars, he says in an excellent one, and he thinks that with a few amendments, it could be brought in full line with the constitution of the United States.

Representatives from North Carolina have been busily engaged in urging the appointment of postmasters in their districts. Yesterday there were seven appointments announced at the postoffice department, three of them being landed by Pearson, two by White and one each in the districts of Fowler and Shuford.

The appointments are as follows: Stephen N. Buchanan, Brighton, Mitchell county, vice L. F. Burleson, resigned; Isaiah D. Seymour, Faro, Wayne county, vice William L. Scott, resigned; Edward W. Jackson, Mountain Hill, Greene county, vice D. W. Wood, resigned; William G. Single, Glen Ayre, Mitchell county, vice Stokes Buchanan, resigned; Elisha J. W. Andrews, Ivanhoe, Sampson county, vice J. W. S. Robinson, resigned; J. McA. Shuping, Rock, Rowan county, vice J. D. L. Brown, resigned; Edward T. Raines, Sapphire, Jackson county, vice R. A. Jacobs, removed.

General and Mrs. M. C. Butler, who arrived in the city some time ago, are at the Arlington hotel. The general and wife have determined to remain at the national capital for the remainder of the winter.

Senator Butler, of North Carolina, has presented in the senate a petition signed by Martin Van Buren Cook and Grigsby E. Thomas, of Columbus, Ga., and fifty-two other Confederate veterans, asking for the passage of his amendment to the pension appropriation bill relative to pensioning ex-Confederates. Senator Butler tried to get the petition incooporated into the Record, but objection made by Senator Gallinger, of New Hampshire, prevented its going in.

THE CANAL BILL AND TREATY.

Friends of One Are Friends of The Other—Today's Program.

By Wire to THE TELEGRAM.

Washington, Jan. 19—Senator Davis has not yet decided about asking for executive consideration of the peace treaty. It has developed that the friends of the treaty are also the friends of the Nicaragua canal bill. In that way the two measures go hand in hand and friends of the treaty therefore think a vote on the canal bill can be had today if the treaty is held back. This is the program for today.

THURSDAY, JAN. 19, 1899.

It is rumored that an inter-collegiate debate may be arranged for sometime in the near future between Davidson and Trinity colleges. If this is done let Greensboro make an effort to have the debate held in this city. It is a central point, easy of access to both colleges and the friends of each. The Telegram hopes the debate will be arranged and that it will come off in Greensboro.

We are glad to print a letter today from Mr. J. W. Merritt relative to the dispensary system. Mr. Merritt is a traveling man and a close observer. He possesses the faculty of seeing far into a question and makes up his mind on all matters pertaining to the welfare of Greensboro. He is a progressive and useful member of the board of aldermen and the Telegram is glad to have his approval and endorsement of its efforts to give the people information and light on the dispensary question.

We have received an exceedingly well written and timely article on a subject that is interesting the minds of Greensboro people at this time, signed "A Mother." Unfortunately, however, the writer forgot to give her name. We do not require the name for publication; but we cannot depart from an established custom to print nothing unless the author's name be furnished the editor. We hope the good lady will send her name, as we would regret being unable to give her timely utterances to the public.

The present legislature will most likely be asked to make several amendments to the charter of the city of Greensboro. Would it not be well for the Industrial and Immigration association to take charge of the matter of securing the proper amendment to allow the city to make contracts for street railway, electric lights, etc.? If any good is to accrue to the city from an amended charter the power must be placed in the hands of men who will use it. For instance, what good would result from granting a charter to build a street railway to parties who, when the recent agitation was on, ridiculed and opposed the idea? Care should be taken to guard against ingeniously worded franchises or charters to any company or corporation that will, in the end, defeat the wishes of the people. It is well for those who have the real interest of the people and the good of the city at heart to be on the alert.

Mr. Elisha Berry, of this place, says he never had anything to do him so much good and give such quick relief from rheumatism as Chamberlain's Pain Balm. He was bothered with shooting pains from hip to knee until he used this liniment, which affords prompt relief.—B. F. Baker, druggist, St. Paris, Ohio. For sale by C. E. Holton.

Rev. Cornelius B. Smith, of New York, has been chosen corresponding secretary of the church congress of the United States.

Mr. S. A. Fackler, editor of the Micanopy (Fla.) Hustler, with his wife and children, suffered terribly from La Grippe. One Minute Cough Cure was the only remedy that helped them. It acted quickly. Thousands of others use this remedy as a specific for La Grippe and its exhausting after effects. Never fails. Howard Gardner.

When you cannot sleep for coughing take Chamberlain's Cough Remedy. It always gives prompt relief. It is most excellent for colds, too, as it aids expectoration, relieves the lungs and prevents any tendency toward pneumonia. For sale by C. E. Holton.

LOUISBURG DISPENSARY.

A Good Showing Made—Preferable to Open Saloons.

Light on the dispensary system is what many Greensboro people want at this time. We copy from a communication in the Morning Post on the dispensary system in Louisburg, which has been in opeation since July 1897, the following:

The act to provide a dispensary for the town and township of Louisburg, Franklin county, was enacted upon petition of a majority of the voters of the township, and your correspondent is of the opinion that a very large majority is still in favor of letting the law remain as it is. My reasons for saying this are several: First, from a financial standpoint, the dispensary has proven better than the licensed saloon, and the figures I shall give you are not from heresay or guess work, but from the books of the dispensary taken from the first of July, 1897, to the 1st of January 1899—eighteen months;

Amount of liquors sold in 18 months	$27,019,50
Dividends paid the county	1,625,00
Dividends paid the town	975,00
Total dividends paid	$2,600,00
Value of liquors on hand	$1,992,00
Cash in bank	73,67
Total on hand	$2,066.11

Two thousand and sixty-six and 11-100 dollars on hand and no outstanding bills.

So from a financial standpoint it is better for the town and country than open salooons—as the amount paid by the dispensary to the town is more in the same length of time than from the saloons, and also the county.

Second. The opponents of the dispensary argued that it would seriously effect the trade of the town, that it would have the effect of driving trade from the town. Well, let's see if that objection has proved true.

Since establishing the dispensary, there are many more and much larger stores than during the days of the open saloon, and business instead of decreasing has largely increased. There have been erected here since July 1897, the time of closing the saloons five large brick stores that will compare favorably with any stores in the state, and there has been marketed here about one million pounds of tobacco more than last year, and the sale of cotton has been equal to the past. There are no vacant store houses or dwellings as the opponents asserted there would be, but all are occupied. I am just giving plain unvarnished facts, facts that cannot be truthfully denied. So far I have only touched the financial side of this question. There is another view of this matter, higher and more important to this community, that is the moral side. Has drunkenness decreased or increased? What effect has the dispensary had on the morals of the community, has it been hurtful, or has it been beneficial? Are our people better or are they worse? Under the law governing the dispensary the doors are opened only in the day time and the parents who were so anxious about their sons at night while the saloons were open can rest secure in the fact that they are not exposed to the dangers that lurk about the dram shop. The night policemen informs me that the town is quiet and peaceful, every night. I know it was not so with the open saloons. And there are other evidences that there is improvement in the morals of the town. Let's see: Take the reports of the chief of police of the arrests and fines from July, 1896, to J ly, 1897, with open saloons: Number of arrests (not all for drunkenness) 112, with costs and fines amounting to $576.53, and these fines in most cases from parties little able to pay them, some must suffer, and it falls on the innocent ones at home.

Arrests from July, 1897, to July, 1898, with dispensary, 85 (not all for drunkenness) with costs and fines amounting to $394.88, leaving a balance in favor of dispensary of $181.15 in costs and fines and 27 in arrests. So you see that crime under the dispensary instead of increasing, has decreased the first twelve months very nearly 33 per cent in fines and arrests.

Again, the dispensary being a monopoly does it charge extortionate prices to the consumer? Not more than 80 per cent. The bookkeeper informs me that the average percentum netted to the dispensary has not exceeded 40 per cent.

There are other reasons why the dispensary is preferable to open saloons, such as selling in packages not to be opened or drank in the dispensary, selling only for cash, and selling the purest liquors, and other restrictions which space will not permit me to give in a newspaper article, but which can be seen by reference to the act.

The Deadly Grip

Is again abroad in the land. The air you breathe may be full of its fatal germs! Don't neglect the "Grip" or you will open the door to Pneumonia and Consumption and invite death. Its sure signs are chills with fever, headache, dull heavy pains, mucous discharges from the nose, sore throat and never-let-go cough. Don't waste precious time treating this cough with troches, tablets, or poor, cheap syrups. Cure it at once with Dr. King's New Discovery, the infallible remedy for bronchial troubles. It kills the disease germs, heals the lungs and prevents the dreaded after effects from the malady. Price 50c and $1.00. Money back if not cured. A trial bottle free at C. E. Holton's drugstore.

To open so many small accounts involves quite an amount of book keeping and consumes too much valuable time. This can bo avoided by paying cash for your bundle when delivered and do away with all possibility of disputed accounts.

Thanking our customers for their patronage in the past, and extending to each and every one the greetings of the season.

Respectfully,

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter nauseating tonics. Price, 50c.

Horrible agony is caused by Piles, Burns and Skin Diseases. These are immediately relieved and quickly cured by De Witt's Witch Hazel Salve. Beware of worthless imitations. Howard Gardner.

Farmer Joseph Bates, of Mena, Ark., while fording a river in a wagon, was drowned, together with his wife, child and a woman.

La Grippe is again epidemic. Every precaution should be taken to avoid it. Its specific cure is One Minute Cough Cure. A. J. Shepherd, publisher Agricultural Journal and Advertiser, Elden, Mo., says: "No one will be disappointed in using One Minute Cough Cure for La Grippe." Pleasant to take, quick to act. Howard Gardner.

Edward Pennington, of Montreal, former general superintendent, has been appointed general manager of the St. Paul, Minneapolis & Sault Ste. Marie railroad.

Coughing injures and inflames sore lungs. One Minute Cough Cure loosens the cold, allays coughing and heals quickly. The best cough cure for children. Perfectly harmless. Howard Gardner.

Governor Roosevelt, of New York, has granted the requisition of the governor of Maryland for the extradition of Payton M. Hughes, under arrest in New York city for embezzlement.

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows; "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides; no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters: and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at C. E. Holton's drug store.

The Following Circular Letter Was Issued Yesterday.

Greensboro, N. C., Jan. 18, '99.

Dear Sir—Since the proposed Local Option Law has been printed, in order to protect all cities, towns and townships who already have prohibition, I find it necessary to change Section 2 to read as follows:

"Section 2. That all laws and parts of laws in conflict with the foregoing section are hereby repealed: provided that nothing in this Act shall be construed to repeal any prohibitory law now in force in this state or to authorize the sale of intoxicating liquors in any county, municipality or locality where there is already prohibition."

Hoping this will meet the approval of all friends of Temperance, I am,

Yours against the saloon,

The ADVANCE of The SEASON

Demands Lower Prices as An Inducement to Trade.

We have always tried to keep ourselves before the public in a straightforward way.

Our statements have been of the nature to have you understand that we are selling goods for a profit.

We have been since the commencement of our business, and are now, in a position to meet any legitimate competition—but as the sea- as the season grows shorter the demand grows less—that we may create trade and prevent carrying through the summer season a lot of winter weights, you may expect from now until the spring opens, the lowest prices on all such goods as suits, overcoats, underwear, etc.

You might cut this out.

FIELDS & HANSON'S MINSTRELS.

The Show Last Night—Another Performance Tonight.

The audience at the Academy of Mnsic last night was very large considering the inclemency of the weather, the house being about two-thirds filled. They give a tolerably good minstrel show, but—well not as good as Greensboro audiences have seen. Messrs. Fields and Hanson are very good comedians themselves and have one or two other fairly good burned cork artists. The singing was fine, as was also some of the dancing.

Be it said for this troupe, however, that it is one of the cleanest minstrels that ever visited Greensboro, giving nothing in their performance to offend the most fastidious.

The company will show here again tonight. They will reduce their prices to 25, 35 and 50c. It is a very good show for this price.

A High Old Time.

There will be a "spelling bee" in the Sunday School annex of Centenary church tomorrow night, and a good time may be expected. Old as the hills, yet new and novel, a spelling bee is the place to have a good time, and if you think about it a little while you can't help going—you'll be "hypnotized." Don't fail to go.

MR. MERRITT SPEAKS.

Gives His Views and Observations as to the Dispensary.

Editor Telegram:

Dear Sir—I notice with much pleasure that you are giving letters and views of various citizens from different towns regarding the workings of the dispensary system as in use at different points in this state. I from my own observation am satisfied that this is one of the best movements that can be inaugurated for the upbuilding of Greensboro. I have satisfied myself that it greatly reduces the amount of drinking, and largely removes the temptation to drink from minors and those who are ashamed to go into a dispensary and register their names when they buy whiskey, as they must necessarily do.

In Waynesville I was especially struck with the dispensary as in operation there. Prominent citizens stated to me that it had reduced drinking at least half, and the revenues of the town had been increased almost threefold.

I have not heard a single complaint except by parties whose business of selling or renting their property was interfered with. Your agitation of the matter is a step in the right direction and at an opportune time. I would be glad to see the matter brought to the attention of our present legislature. Yours truly,

J. W. Merritt.
